# IOSH Safety for Executives and Directors®

## Institution of Occupational Safety & Health (IOSH)

### Introduction

Board Members, Directors and other senior management positions are not immune from prosecution, as a number of high profile HSE cases have shown. IOSH Safety for Executives and Directors is a course that provides delegates with an understanding of strategic planning on risk management, how to manage safety more effectively within their organisations and how to meet their legal obligations with regards to health and safety legislation.

### Who should attend

The course is aimed at those who have overall operational or strategic accountability for an organisation, responsibility for determining and implementing effective safety and health management and monitoring its success.

**Duration: 1 Day**

**Cost: £220 + VAT**

**Certification: Report on Management Actions**

**Venues across the UK**

# Course overview

The course gives delegates an understanding of:

- The health & safety role & responsibilities as Executives and Directors
- Health and safety law including an overview of Corporate Manslaughter
- Recognising the importance of integrating health & safety objectives with other business objectives in order to minimise the overall risk.
- Knowing the consequences of failing to manage health & safety effectively and enforcement by the HSE.
- The principles of occupational health and safety management systems, continual improvement & annual reporting
- HSC / IOD Guidance on Leadership in Health & Safety
  - > Plan
  - > Do
  - > Check
  - > Act
- Influencing health & safety culture within the workplace

## CERTIFICATION

An IOSH Safety for Executives and Directors certificate is awarded to all those delegates who attend the course and who successfully complete the written assignment.
