	NEPO Members Authorities.

Solution Scope

The Solution is a is a multi-Provider, Pseudo Dynamic Purchasing System for the provision of British Sign Language Services.

The Solution can be utilised via Direct Award or Further Competition and covers the below Lots:

Lot 1 - Face to Face and Video Link (Regional and National)

This Lot incorporates all elements of Lots 2 and 3. Providers must be able to supply against all requirements to be considered:

- British Sign Language (face to face and video link)
- Speech to Text Operator
- Lip speaking (face to face and video link)

Lot 2 - Face to Face (Regional and National)

An Interpreter is physically present in order to allow parties to communicate via the following methods:

- British Sign Language
- Speech to Text Operator

• Lip speaking

Lot 3 - Video Link (Regional and National)

An Interpreter is present via video link to allow parties to communicate via the following methods:

- British Sign Language
- Lip speaking

Lot 4 - Specialist Services (Regional and National)

- Deafblind Communication
- International Sign Language
- Deaf Relay Interpreting

Who Can use the Solution?

The solution has been made available for use by all Contracting Authorities throughout all administrative regions of the UK (as defined by the Public Contracts Regulations 2015) including but not limited to Government Departments and their Agencies, Non-Departmental Public Bodies, Central Government, NHS Bodies, Local Authorities, Emergency Services, Coastguard Emergency Services, Educational Establishments, Registered Social Landlords and Registered Charities who have a need to purchase the above services.

A list of member organisations is available at:

www.nepoportal.org

A list of current NEPO Associate Members is available at:

Benefits of the Solution

- Caters to the requirements of the deaf community
- Built to attract and retain high quality, qualified professional Interpreters to deliver the best service possible
- NEPO has considered industry recommendations
- Solution fees are separated between Provider and Interpreter Fees which provides cost visibility and allows users to understand how the fees paid are allocated between all parties and provides a mechanism to ensure that Interpreters receive a sustainable rate of pay
- Provider fees are a capped maximum for the duration of the Solution to provide an element of cost certainty
- Interpreters are required to hold the relevant accreditation, professional registration, qualifications, and experience to provide the best service to end users
- Option to Direct Award based on requirements under Regulation 74
 -77 (The Light Touch Regime)
- Further Competition option which will ensure best value for Contracting Authorities in line with their specific requirements
- Contracting Authorities have access to multiple Providers through the DPS
- DPS opened annually to allow for new entrants, allowing a greater level of competition

1 Introduction

This User Guide has been developed to assist users with the following:

- Identify participating Providers
- Access and make the most of the benefits and savings associated with the Solution
- Identify the NEPO point of contact

1.1 How to use the Solution

Please inform NEPO if you intend to use this solution. Instructions on how to use the Solution can be found in section 4 of this document.

1.2 Provider Information

14 providers have been awarded onto the Pseudo DPS:

- AA Global Language Services Limited
- Action Deafness
- Becoming Visible
- DA Languages Limited
- Everyday Language Solutions
- Involve Visual Collaboration Ltd
- ITL (North East) Limited
- Language Empire Ltd
- Prestige Network Ltd
- Rare Rockets
- Royal Association for Deaf people (RAD)
- Significan't (UK) Ltd
- Sign Solutions
- Terra Consultancy
- Topp Language Solutions Limited

Please note that the pseudo DPS will be opened annually, allowing an opportunity for new providers who meet the specified evaluation criteria to join. NEPO will ensure that user materials are updated in line with the annual cycle so that all suppliers are captured. Prior to further

competition users should check with NEPO to ensure that all providers are listed.

1.3 Introduction to NEPO

Since 1976, NEPO has worked in partnership with North East local authorities on the strategic procurement of high value goods and services in order to deliver savings, maximise efficiencies and promote best practice. We also work closely with the region's supply base to boost competitive skills, signpost tendering opportunities and improve procurement processes.

NEPO's Member Authorities are as follows:

- Darlington Borough Council
- Durham County Council
- Gateshead Council
- Hartlepool Borough Council
- Middlesbrough Council
- Newcastle City Council
- North Tyneside Council
- Northumberland County Council
- Redcar & Cleveland Borough Council
- South Tyneside Council
- Stockton-on-Tees Borough Council
- Sunderland City Council

The NEPO governance structure ensures that collaborative procurement is visible at a senior level across North East local government and is reported to both the Regional Leaders & Elected Mayors and the Chief Executives Group.

In addition, an Elected Member from each member authority sits on the Collaborative Procurement Sub-Committee with the remit of providing strategic direction and advice. Directors of Resources advise the Collaborative Procurement Sub-Committee on the delivery of NEPO's work programme, performance management and future opportunities, and our Stakeholder Engagement Group (made up of representatives from the business community) focuses on maximising the economic and social benefits of our procurement practices and procedures.

1.4 Feedback

Your feedback is essential to the management and development of the Solution and will substantially inform any reviews the Lead Authority and NEPO conducts with the Providers.

Please provide feedback once each project is completed by email to:

bethany.wake@nepo.org

Please note the version number of this User Guide. A revised 'Issue' number is allocated to the Schedule each time an update is made. The Solution will be regularly reviewed, and therefore subsequent versions of the guide may replace this version during the lifetime of the Solution.

1.5 Glossary

Solution - Framework or Contract Let for use by Contracting Authorities to provide the basis for the Solution

Provider - Organisation that has been successfully appointed within the Solution

2 Solution Scope

This Solution covers the requirements of Contracting Authorities for the provision of British Sign Language Services.

The Solution is a multi-provider Pseudo DPS and will be provided by registered and appropriately qualified individuals who hold accreditation and experience as stipulated at the point of order. Providers will deliver a high-quality Interpreting Service to support members of the public under the following 4 lots:

- Lot 1 Face to Face and Video Link
- Lot 2 Face to Face
- Lot 3 Video Link
- Lot 4 Specialist Services

Interpreters delivering services via this Solution must have attained accreditation from one of the following Regulatory/ Registration bodies:

Level of Qualification	Regulatory/ Registration Body
Trainee	• Scottish Register of Language Professionals with the Deaf Community (SRLPDC)
	 National Registers of Communication Professionals working with Deaf and Deafblind people (NRCPD)

	National Registers of Communication Professionals		
	working with Deaf and Deafblind people (NRCPD)		
Qualified	\cdot Regulatory Body for Sign Language Interpreters and		
Quaimed	Translators (RBSLI)		
	\cdot Scottish Register of Language Professionals with the Deaf		
	Community (SRLPDC)		

It is the responsibility of the Contracting Authority to ensure that full details of the service to be delivered is provided as appropriate within the call-off documentation. This may include, but is not limited to: -

- Duration of appointment
- Nature of appointment
- Method of delivery
- Location to be delivered
- Required qualification level

The structure and content of the DPS may be reviewed and updated at any time during the life of the DPS to ensure that it remains consistently effective and efficient.

3 Background to the Solution

3.1 General

The procurement was conducted by the North East Procurement Organisation (NEPO) and has been established in accordance with the Public Contracts Regulations 2015. A Pseudo DPS allows Contracting Authorities to order works or services under the terms and conditions specified in the DPS.

This Solution can only be accessed by the either direct award or by undertaking of a further mini competition to select a provider.

In establishing this Solution, default terms and conditions and call-off terms were included in the tender and are attached at Schedule C. These terms and conditions will apply to any work undertaken under this Solution. The providers listed on the Solution have agreed that these are the standard terms and conditions.

When a Contracting Authority places an order with the Contractor on the Solution, a contract is formed between the Contracting Authority and the provider. The contract will be based on the Terms and Conditions for this Solution.

NEPO reserves the right in exceptional circumstances to vary the composition of the Solution. For example, if a provider fails significantly to perform as required, they may be removed.

It is anticipated that day to day transactions (including undertaking mini competitions, the appointment of providers to specific jobs, and delivery of and payment for services) will all be conducted directly between the Contracting Authority and the provider unless otherwise instructed by NEPO.

If you, or your procurement or legal advisors wish to see copies of any of the documentation used in setting up the Solution (such as the invitation to tender, etc) please contact NEPO and this will be arranged.

Please note any Contracting Authority in receipt of grant funding should seek its own legal advice pertaining to the obligations upon it in terms of procurement for goods, works and services required for the project activities

Further advice can be sought from <u>www.gov.uk</u>

3.2 Hub and Spoke

This solution has been developed using the NEPO Hub and Spoke model. Hub and Spoke are the definitions used to set out who is the Lead Authority when a solution which falls into the Collaborative Procurement Work Programme is led by the Hub (NEPO) or the Spoke (NEPO Member Authority).

The model is underpinned by NEPO Gateway Process which is designed to allow projects to be managed and approved at key points throughout the procurement process and ensures all key considerations have been made to a wide range of issues to ensure the end-to-end process is optimised. The process provides assurance for all Collaborative Solutions that a project can successfully move onto the next stage.

Gateway Approvers consist of one representative from Tees Valley, Tyne and Wear, NEPO, County plus one other representative nominated, the panel sign off all solutions at each stage of the Gateway process to ensure the end result is of the highest quality and meets the needs of NEPO's Full and Associate Members.

3.3 Evaluation of Tender Submissions

Tenders submitted in response to this procurement were evaluated by officers from NEPO against a set of pre-determined evaluation criteria, which are set out within Section 3.4.

3.4 Evaluation Criteria

The procurement process adopted is based on the Restricted Tender Procedure. Tenders are evaluated using the scoring criteria via an electronic SQ set out below to determine whether the Provider would be appointed to the DPS.

Section	Assessment
Section 2	These sections will be evaluated on a pass or
Grounds for Mandatory	fail basis.
Exclusion	If an Organisation cannot confirm any of the
	statements, NEPO reserves the right to
	disqualify the Organisation from the process
	at this point in the evaluation.
Section(s) 3	This section will be evaluated on a pass or fail
Grounds for discretionary	basis
exclusion	
Section 7a	Tenderers will be assessed on their policies
Project specific questions	related to Modern Slavery.
to assess Technical and	

Professional Ability –	Each question will be scored on a pass/fail
Modern Slavery	basis
Section 8.1	Please self-certify whether you already have,
Insurance	or can commit to obtain, prior to the commencement of the contract, the levels of insurance cover indicated below:
	 Employer's (Compulsory) Liability Insurance = £10million for each and every claim Public Liability Insurance = £10million for each and every claim Professional Indemnity = £5million for each and every claim
	It is a legal requirement that all companies hold Employer's (Compulsory) Liability Insurance of £5 million as a minimum. Please note this requirement is not applicable to Sole Traders.
Section 8.4	This section will be evaluated on a pass or fail
Equality and Diversity	basis
Section 8.5	This section will be evaluated on a pass or fail
Environmental	basis
Management	
Section 8.6 Health and Safety	This section will be evaluated on a pass or fail basis

Section 8A.3		This section will be evaluated on a pass or fail
Licensing a	and	basis
Registration		
GDPR		
Supply Chain		
Specification		
Requirements		

3.5 Ranking Under the DPS

The Providers in each Lot were assigned a rank based on their submission to the Pricing Schedule (Schedule B – Contract Schedule). Contracting Authorities may use this rank as the basis for Direct Award with Providers. Should the first ranked Provider within the Lot be unable to effectively meet their requirements the Contracting Authority may then engage with the next highest ranked Provider in succession until they are able to identify a Provider who is able to meet their requirements in full.

Providers in each Lot were given a rank based on the Providers Total Score. The Providers Total Score was established based on the following methodology:

<u>Provider Fees Total Score + Interpreter Fees Total Score = Total Score.</u>

Provider Fees Total Score for each Lot was established using the following methodology:

Lowest Tendered Provider Fees / Other Tendered Provider Fees X Weighted Percentage

Interpreter Fees Total Score for each Lot will be established using the following methodology:

Other Tendered Interpreter Fee / Highest Tendered Interpreter Fee X Weighted Percentage.

The weighting used was as follows:

- Provider Fees Total Score 60%
- Interpreter Fees Total Score 40%

Lot 1 comprises of the Providers response to both Lot 2 (Face to Face) and Lot 3 (Video Link). Providers Total Fees (Provider Fees and Interpreter Fees) for each Lot were totalled and evaluated based on the methodology identified within this section.

Where a Tenderer was unable to submit a price for a service, they were evaluated on the basis of borrowed pricing. NEPO assigned the Tenderer the highest tendered price for that service (Provider Fees) and the lowest tendered Interpreter Fee for the purpose of evaluation.

The ranking for each Lot will be updated following each reopening of the DPS to reflect the addition of new Providers accepted onto the DPS. All providers on the Solution will be informed of their respective rank under each Lot following the closure of each round of evaluations.

3.6 Successful Contractors

Below is a list of the Providers appointed to each Lot within this Solution. Contact details available in Schedule A.

4 Using the Solution

4.1 Who can use the Solution?

The solution has been made available for use by all Contracting Authorities throughout all administrative regions of the UK (as defined by the Public Contracts Regulations 2015) including but not limited to Government Departments and their Agencies, Non-Departmental Public Bodies, Central Government, NHS Bodies, Local Authorities, Emergency Services, Coastguard Emergency Services, Educational Establishments, Registered Social Landlords and Registered Charities who have a need to purchase the above services.

A list of member organisations is available at: <u>www.nepoportal.org</u>

A list of current NEPO Associate Members is available at: <u>https://www.nepo.org/associate-membership/list</u>

4.2 Benefits of using the Solution

- Caters to the requirements of the deaf community
- Built to attract and retain high quality, qualified professional Interpreters to deliver the best service possible
- NEPO has considered industry recommendations

- Solution fees are separated between Provider and Interpreter Fees which provides cost visibility and allows users to understand how the fees paid are allocated between all parties and provides a mechanism to ensure that Interpreters receive a sustainable rate of pay
- Provider fees are a capped maximum for the duration of the Solution to provide an element of cost certainty
- Interpreters are required to hold the relevant accreditation, professional registration, qualifications, and experience to provide the best service to end users
- Option to Direct Award based on requirements under Regulation 74
 -77 (The Light Touch Regime)
- Further Competition option which will ensure best value for Contracting Authorities in line with their specific requirements
- Contracting Authorities have access to multiple Providers through the DPS
- DPS opened annually to allow for new entrants, allowing a greater level of competition

4.3 Calling off from the Solution

All call-offs made under this solution must contain the NEPO reference number within the title of the call-off. The NEPO solution title and reference number must also be included within any call-off documentation, Contracts Finder award notices, and the NEPO Contracts Register (where applicable).

4.4 Call-off Criteria

It is anticipated that throughout the lifespan of the DPS there is potential for a high number of Providers appointed to each Lot. It is envisaged that the principal call-off route will be via Further Competition however, the

Contracting Authority may choose a direct award where the Authority believes benefits can be achieved by doing so. Rationale may include, but is not limited to, urgent timescales, complexity/sensitivity of requirements, Service User preference (i.e., for consistency/impartiality).

Direct Award

Where the scope of the requirement can be specified, and the Contracting Authority has decided that the Services offered can be evaluated using information submitted within the Tender process for inclusion on the DPS then the Contracting Authority may award directly to the Provider that can most accurately fulfil the requirements of the specific call-off.

Where a direct award is carried out the price should be based on the Providers tendered fees (Provider Fees). The Provider may decrease these fees at Call-Off as appropriate to the specific requirement. Interpreter Fees should be reflective of the requirements as set out in the Specification but should not be lower than the tendered "Minimum Interpreter Fee".

Direct Award (Ranked)

Contracting Authorities may award directly to a Provider based on the rank of the Provider in each Lot. The Contracting Authority will engage with the 1st ranked supplier in the first instance. Should the 1st ranked Provider be unable to meet the requirements of the Contracting Authority then they will engage with the next highest ranked Provider in succession until they are able to identify a Provider who can meet their requirements in full.

Where a direct award is carried out via a Providers ranking the price should be based on the Providers tendered fees (Provider Fees). The Provider may decrease these fees at Call-Off as appropriate to the specific requirement. Interpreter Fees should be reflective of the requirements as set out in the

Specification but should not be lower than the tendered "Minimum Interpreter Fee".

Further Competition

The Contracting Authority may undertake a further competition within each specific Lot(s) inviting all Providers within that specific Lot(s) who are capable of fulfilling the requirements of the call-off Contract. The Providers within the specific Lot(s) may initially be requested to provide an Expression of Interest for any call-off. Any Providers not expressing an interest by the assigned deadline will not be taken forward to the Further Competition.

Call-Off Criteria

The Contracting Authority will be responsible for determining their own call-off criteria and weighting as appropriate to their requirement. This will be upon the basis of a Quality/Price split as follows:

Further Competition Criteria	Further Competition Weighting
	0 – 100%
Price	To be set at further competition stage
	0 – 100%
Quality	To be set at further competition stage

The award evaluation criteria used at call-off may vary due to nature of the requirement and what is deemed appropriate by the Contracting Authority. Please note that this may vary from one Contracting Authority to another

due to internal policies, regulations and requirements and may include, but is not limited to the following areas of evaluation:

- Mandatory requirements i.e., qualification level, accreditation through National Registration Bodies
- Safeguarding policies
- Disclosure and Barring Service (DBS) clearance
- Experience and ability to meet specification and fulfil requirements
- Evidence of specific policies i.e., Lone Working, Complaints etc
- Social Value delivery

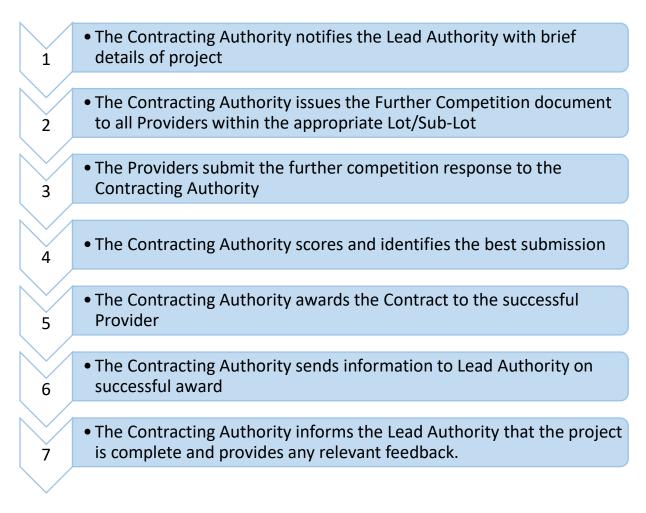

In the event that there is only one Provider appointed to a Lot or there is only one Provider within the Lot(s) who can meet a specific requirement, the Contracting Authority may, at their discretion undertake a procurement process out-with this DPS if it is deemed that the Provider cannot fulfil the requirement or demonstrate best value.

The following flowchart outlines the process to access the Solution for further competitions:

Project Notification

5 Monitoring and Managing the Solution

5.1 Monitoring the Solution

NEPOs responsibility in relation to the management of this DPS are outlined below:

- Management of the DPS in line with NEPO's aims and objectives
- Establishing and maintaining appropriate records and information management to record and manage the performance of the Provider
- Undertake dispute prevention and resolution as required
- Managing change over the life of the DPS ensuring that NEPO's aims, and objectives continue to be met

 Liaising with Providers to gather Management Information as required

The responsibilities of the Contracting Authority in relation to the management of the DPS are outlined below:

- Management of individual call-offs and booking of Interpreting Professionals as required
- Implementation of their own performance management requirements
- Provision of feedback to NEPO

The responsibilities of the Provider in relation to the management of this DPS are outlined below:

- NEPO expects Providers to have a robust approach to Contract Management with a clear strategy in place to ensure continuous improvement. Clear quality standards should be in place.
- Management and administration of the Service delivery
- Attend meetings as required including attendance by senior management as directed by NEPO
- Ensure that Staff undertake all relevant training and development
- Ensure compliance with all Health and Safety, Quality Assurance, and other specific contract requirements
- Provide management data and feedback to NEPO and Contracting Authorities as appropriate
